

Dear Fellow Parishioner:

St. Mary's is now moving into the active part of our search for a new rector. The first part of this process - and perhaps the most important part! - is to listen to the members and staff of our parish. To be successful, the Search Committee must understand the values which are important to our parish. In normal times, we would hold an all-parish meeting to openly discuss a series of questions provided by the diocese. Unfortunately, due to the restrictions imposed by CoVid-19, we must rely on an online survey to present these questions to you. The information gathered from this survey will guide the Search Committee when we begin to screen candidates and during the discernment and interview process.

At the bottom of this page is a link to our parish survey on SurveyMonkey. A few points regarding this survey:

1. There are a total of 7 questions in this survey. Please consider the questions prayerfully before responding.
2. The link provided may be used multiple times. Please share within your household to ensure that all members have an opportunity to respond.
3. If you wish to speak with a member of the search committee, please provide your contact information in Question #7 and a member of the search committee will be in touch with you once the survey expires.
4. The survey will remain open for two weeks so please try to complete this at the first opportunity. The expiration date is February 19.
5. If you would prefer to complete a paper version of this survey, please respond to this email and the search committee will make arrangements to mail the survey to you.
